## Nothing Guards Like Fleetguard®

Filtration, Chemical And Lubricant Solutions For The Transportation Market.

# Leaving Others In The Dust.

Fleetguard® Direct Flow™ air filters take up 50% less space than conventional air filters\* while extending service intervals up to four times longer than the competition. Fewer filter changes per year saves hundreds of dollars in parts and labor costs alone.

# Avoiding Road Hazards.

Innovative Fleetguard lube products capture up to three times more contaminants than full-synthetic filters\* including metal shards, rust and dust. Fewer deposits in your engine mean more regular deposits to the bank, since a replacement engine for a Class 8 tractor trailer runs \$12,000 to \$15,000.
